## Centralized services

Take advantage of the Questel suite of services covering the entire IP lifecycle, from filing & translations all the way to annuity and renewals.

## Cost Management + e-billing

Have our docketing professionals simplify and upload invoices to their respective matters. We can also build cost forecast reports and if you qualify - provide cost management services free of costs!

## Questel IAM products

Improve your IP portfolio management through the Questel suite of Intellectual Asset Management software and services including Orbit Capture and Orbit Asset.

## Trademarks & designs

Docketing services are not limited to patents but incorporate all IP matters from trademarks to designs.

Testimony from an  
IP firm based in the  
United States

## BUSINESS CASE

# OUR CLIENTS SPEAK FOR US

Why did you decide to switch to  
Questel IP Admin Services?

Cost savings and reducing our  
workload were the keys to us  
working with Questel

We were looking to streamline  
processes, Questel answered the call

*"They were professional,  
punctual, and were able to  
adapt to our company's needs.  
They became quickly integrated  
with our in-house legal team and  
delivered a quality and timely  
work product. It was a pleasure  
working with them!"*

“Questel is truly our partner in all IP matters...”

“Questel is knowledgeable and has ability to work with minimal direction or oversight!”

“This team can handle ‘daily business’ and Ad-hoc projects. We couldn’t be more pleased”

Here are a few reasons why customers selected the Questel IP admin team...

Having a single point of contact that I know and trust has made all the difference for me.

The professionalism, know-how, and low cost has made Questel’s admin services a must for law firms big and small.

Questel offers a range of services that helps us in all matters of IP. I had always thought of Questel as simply the provider of Orbit Intelligence, it turns out they have been really building out their service portfolio and are providing **quality services** at super competitive prices!

I am not aware of any other company who provides so many services and provides them at such a high level. They allow our small boutique to operate as an IP law factory.
